GLOSSARY	vi
FOREWORD	ix
1 INTRODUCTION	1
1.1 Introduction	2
1.2 Scope	2
1.3 Use of gantries	3
1.4 Outline process	3
1.5 Use of this <i>Guide</i>	4
2 REVIEW OF EXISTING ACCESS GANTRY FACILITIES	5
2.1 Introduction	6
2.2 Gantries and cradles	6
2.2.1 Gantry structure	6
2.2.2 Runways and their supports	8
2.2.3 Power systems	9
2.2.4 Bogies and wheels	9
2.2.5 Crabbing of gantries	10
2.2.6 Control equipment	11
2.3 Walkways, platforms and ladders	11
3 MANAGEMENT AND OPERATION OF BRIDGE ACCESS GANTRIES	12
3.1 Introduction	13
3.2 Management system	13
3.2.1 Scope of management procedures for gantries	13
3.2.2 Organisation and responsibilities	13
3.2.3 Manuals	14
3.3 Managing gantries	14
3.3.1 Planning	14
3.3.2 Control of gantry operation	15
3.3.3 Planning for emergencies	15
3.3.4 Working with interested third parties	15
3.3.5 Particular hazards	15
3.3.6 Phases of gantry operation	16
3.4 Operating gantries	17
3.5 Arrangements for working with contractors	17
3.5.1 Working relationship	17
3.5.2 Minor tasks	18
3.5.3 Major tasks	18
3.5.4 Runway beam and gantry replacement	19
3.6 Records and review	19
3.6.1 Reporting and records	19
3.6.2 Review	20

4	TRAINING, CERTIFICATION AND COMPETENCE	21
4.1	Introduction	22
4.2	Legislative Requirements	22
4.3	Certification	22
4.4	Competence	23
4.5	Assessment	23
4.6	Training Course	23
4.7	Training materials	23
4.8	Post Training	23
4.9	General Safety Induction	24
4.10	Training for the use of existing gantries	24
5	INSPECTION AND MAINTENANCE	26
5.1	Introduction	27
5.2	The inspection and maintenance programme	27
5.3	Inspections – levels and frequency	28
5.4	Qualifications of inspectors	28
5.5	Preventative maintenance	28
5.6	Reactive maintenance	28
5.7	Reporting and records	28
6	TESTING AND COMMISSIONING	30
6.1	Introduction	31
6.2	Commissioning	31
6.3	Load testing	32
6.3.1	Use of load testing	32
6.3.2	Gantry proof load test	32
6.3.3	Runway proof load test	33
6.3.4	Secondary load effects	33
6.4	Mechanical testing	34
6.4.1	Use of mechanical testing	34
6.4.2	Gantry operation	34
6.4.3	Component testing	35
6.5	Electrical testing	35
6.5.1	Verification	35
6.5.2	Certification and reporting	35
6.6	Reporting and records	36
7	REFURBISHMENT, RETROFITTING, REPLACEMENT, RE-COMMISSIONING AND CHANGE OF USE	37
7.1	Introduction	38
7.2	Refurbishment	38
7.3	Retrofitting	38
7.4	Replacement	38
7.5	Re-commissioning	39
	REFERENCES	41

APPENDIX A	Safety legislation, codes and standards relevant to the UK	43
APPENDIX B	Gantry life cycle	47
APPENDIX C	Operational and safety procedures A typical example of relevant matters to be covered	49
APPENDIX D	Gantry incidents, concerns and 'near hits' over recent years – Examples	52
APPENDIX E	Gantry design – some considerations	54
APPENDIX F	Gantry and runway inspections and maintenance – more detailed guidance	63
APPENDIX G	Gantry operation and maintenance manuals – contents	69
