

Most events run by IStructE HQ are being delivered online. For in-person events, a location will be given.

History Study Group meetings start at 18:00 and are free of charge to attend. Registration is not typically required. Meetings may be online or in person.

For Regional Group events, check the website for the latest information.

ice
Institution of Civil Engineers

The industry's leading guide to bridge engineering

Publishing

The ICE Manual of Bridge Engineering, Third edition

The ICE Manual of Bridge Engineering has been written by a team of leading experts and contains all of the key topics that bridge engineers need to refer to. All aspects of bridge design, construction and management are covered, and it is aligned with the guidance given in the Eurocodes. It will become your go-to authority on bridge engineering.

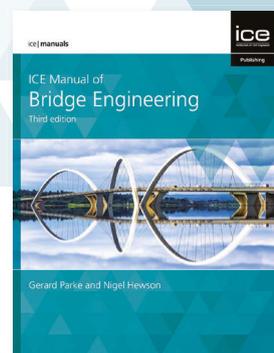

Available in print and as an eBook

"No bridge engineer should be far from a handy copy."

- Ian Firth

"It achieves a great balance between covering the underpinning theory and the details that actually work well in practice"

- Chris Hendy FREng,
Atkins Global

FORMAT: Hardback

ISBN: 9780727763051

NUMBER OF PAGES: 808

PRICE: £250.00 | \$375.00
